MEMORABLE WINTER GOLF

Welcome to your 2018 winter golf day guide. Whether you are a society, corporate or charity golf day organiser, Hever Castle Golf Club has a selection of packages and bespoke experiences to suit the needs of your group. Throughout December and January we can even add a festive touch to your day.

Our winter packages reflect the shorter golfing time available to play. The Winter Promise means you can play the courses as intended all year round, giving you an outstanding golf experience even out of season.

A warm friendly welcome awaits you in the Tudor style Clubhouse. The Astor Lounge Bar & Restaurant offers the perfect place to enjoy drinks, lunch or even afternoon tea! For those chilly afternoons and evenings an integrated fireplace and traditional log burner provide a cosy setting for a hearty seasonal meal.

Whatever type of golf day you are planning, a small group of 12 or a large charity event, your dedicated golf days co-ordinator will help you plan your perfect day out. Packages are available but we can also help you to arrange a bespoke day.

** Under the Winter Promise our intention is to deliver main greens whenever possible, however when essential maintenance work is necessary there can be occasions when a green or tee could be taken out of play.*
