

## HEVER CASTLE VENUES

### Astor Wing Corporate Rates 2021

When William Waldorf Astor purchased Hever Castle in 1903 he created a private wing, The Astor Wing, in the style of a Tudor village and connected to the castle by a covered bridge. This wing is now available to hire for meetings and conferences. Within The Astor Wing there are three interconnecting rooms referred to as The Tudor Suite, featuring oak panelling, a superb art collection and original features such as an ornate stone fireplace and leaded window overlooking the lawns and moat. Wi-Fi is available throughout the Astor Wing and audio-visual equipment is available upon request.

The Castle itself can be hired for dinner and a private guided tour. There's an activities field in the grounds of the Hever Castle Estate, allowing for motorised activities and teambuilding pursuits. Play golf on the Championship Course, take a walk around the 38-acre lake or simply relax in the country house style lounge & billiards room.

**There are 28 luxury five-star bedrooms**
